A conference that connects the cancer research community

A strong platform for collaboration, visibility and engagement across Wales.

2027 Sponsorship

CONNECT. COLLABORATE. MAKE A DIFFERENCE.

1 MARCH 2027

CARDIFF CITY FOOTBALL CLUB

Be part of Wales' cancer research community

The Wales Cancer Research Conference is a leading annual event led by the Wales Cancer Research Centre that brings together the people shaping the future of cancer research in Wales and beyond.

Now in its 4th year, the conference provides a unique opportunity for researchers, clinicians, patients, charities, industry and other partners to come together, share the latest research, exchange ideas and build new collaborations.

Why sponsor?

Sponsoring the Wales Cancer Research Conference gives your organisation the opportunity to:

CONNECT

Build relationships with researchers, clinicians, healthcare professionals, charities and other organisations from across Wales and beyond.

SHOWCASE

Raise awareness of your organisation, expertise, products or services among a specialist and engaged audience.

COLLABORATE

Create opportunities for new partnerships, knowledge exchange and future collaboration.

MAKE A DIFFERENCE

Demonstrate your commitment to cancer research and to improving outcomes for patients.

A growing conference with Wales-wide reach

Between 2024 -2026 our Wales Cancer Research Conferences have brought together more than 900 delegates

Delegates have attended from across Wales, including Cardiff, Swansea, Bangor, Wrexham and Aberystwyth, reflecting the breadth of cancer research taking place across the country.

For 2027, we are expecting:

350+

DELEGATES

100+

ABSTRACTS

80+

POSTERS

The conference continues to grow as an important meeting point for Wales' cancer research community.

Hear from our delegates

“

The programme was excellent. I really enjoyed it and think it gets better every year. Excellent work by the organising committee. The mix of keynotes, regular sessions and lightning talks was great for keeping our attention. It's always a great opportunity to network.

2026 conference delegate

“

A fantastic programme, with great energy throughout the day, bringing together experts from across Wales and beyond to discuss cancer research and share ideas on improving outcomes for patients, alongside powerful patient perspectives.

JOIN US IN 2027

By sponsoring the Wales Cancer Research Conference, you will be supporting a conference that connects the cancer research community across Wales, provides a platform for emerging and established researchers, and helps create opportunities for collaboration that can ultimately benefit patients.

We would be delighted to welcome you as a 2027 sponsor.

For further information or to discuss sponsorship opportunities, please contact the Wales Cancer Research Centre team wcrc@cardiff.ac.uk or fill out our [Expression of Interest form](#)

About the Wales Cancer Research Centre

The Wales Cancer Research Centre is a research development infrastructure funded by Welsh Government via Health and Care Research Wales.

We provide strategic oversight and coordination for cancer research across Wales, promote collaboration and directly support research across the six priority themes of the Wales Cancer Research Strategy (CReSt).
